Business Highlights:

- **Setting up 1.2 GW Solar Module Factory:** Solar module plant to boost domestic manufacturing and support India's clean energy growth.

Commenting on the performance of the company Deepak Pandey, Founder and Managing Director said "FY25 has been a defining year for GP Eco Solutions. With a remarkable 78% surge in operational revenue, we've not only accelerated our top-line growth but also strengthened our foundation for sustainable profitability. The rise in EBITDA and PBT reflects the disciplined

GP ECO SOLUTIONS INDIA LIMITED

execution of our long-term strategy and the trust of our customers in our clean energy solutions. As India’s renewable energy landscape evolves, we are well-positioned to lead with innovation, agility, and a strong commitment to delivering value to all our stakeholders.”

About GP Eco Solutions India Limited

GP Eco Solutions India Limited is a trusted provider of clean energy solutions, specializing in the distribution of high-quality solar inverters and panels across North India. As an authorized distributor for leading global brands—Sungrow, Saatvik, and LONGi—the company ensures access to reliable solar technology. It also delivers turnkey EPC services to both residential and commercial clients. Through its proprietary brand “Invergy,” GP Eco Solutions offers advanced hybrid solar inverters and lithium ferro phosphate (LFP) batteries, empowering customers to transition to sustainable energy with confidence.
